DIFFERENTIATORS

A “People-first” Philosophy

Vergys respects our clients and partners and celebrates the authenticity and diversity that represents our workforce. It is a vital component that drives our peak performance and success. We invest in our employees’ personal and professional development while maintaining a highly skilled team that anticipates and serves the needs of our clients. Vergys prioritizes each client’s needs, concerns, and vision as your trusted partner.

Data-driven Analysis That Starts With the Client

With more than a decade of experience in operational data analysis, Vergys helps clients improve data usability to gain unique and valuable insights. Data-driven analysis performed by our experienced starts with our knowledge of the client’s needs and objectives. Our “people-first” philosophy paves the way for us to design and create reports, graphics, and visualizations meaningful to the client and lead to actionable and measurable change.

A Holistic Approach to Problem Solving

Our proficiency in concurrently navigating budget, cost allocation, acquisition, and IT PM management reflects our ability to leverage our core capabilities and successfully maintain a strategic view. This allows us to see the big picture and ultimately provide maximum value to our stakeholders.

Human-Centered Leadership and Organizational Development

We provide leadership and performance coaching and customized organizational development consulting with our International Coach Federation (ICF)-certified coaches for clients seeking to improve the effectiveness of themselves and their organizations.

We focus on helping individuals, leaders, and organizations improve their performance, clarify their goals, identify paths forward, and navigate challenges effectively through coaching, strategic planning, process improvement, and leadership development.

“Working with [Vergys] has been a collaborative effort, with an open channel of communication, to execute the leadership’s objectives and goals.”
